Personalising your Fundraising Page

It's time to make sure your Fundraising Page stands out from the crowd. Think of it as your own personal fundraising blog. The more you make it your own, the more compelled people will feel to donate.

How to personalise your Page

1. Visit your Fundraising Page (www.justgiving.com/...), click 'Log in' in the top right and enter your log in details.
2. Select to Edit your page
3. Scroll down to the 'Edit and personalise your page' section
4. Edit your title, target, summary and story

Tell people about your fundraising journey. Click on 'Edit your page title, summary and story' and enter the desired text in each of the relevant sections.

Explain what your event involves and how your fundraising will benefit Sullivan's Heroes to support local families with disabled children – and why this is important to you.

If you are supporting a specific child and family then us all about them and how much this fundraising will mean to them.

If you are a Family setting up your own Fundraising page towards house adaptations for your own child then tell us all about your child and how the project will benefit him or her.

Click 'Save and continue' to preview how it looks.

Story

Add your information here about what you will be doing to raise funds for Sullivan's Heroes.

Tell us how the charity and local families will benefit, and why this is important to you.

Perhaps you are supporting a specific child and family who you know? Tell us all about them and how much this fundraising will help them.

Maybe you're setting up your own Fundraising page towards house adaptations for your own child? Tell us about your child and how the project will benefit him or her.

You can even join individual fundraising pages together via a Team Page (for separate events and activities too!) if others want to fundraise with you.

Did you know? – You and your friends can also join individual fundraising pages together via a Team Page if others want to fundraise with you – they can be for separate events and activities too!

Team pages are great if you want to raise money separately whilst still contributing to a larger team goal. And just perfect if you're a Family setting up your fundraising project – as your friends and family can link their own pages to yours, and you'll know who has raised which funds towards your overall target.

Keep them posted on how your training is going running up to an event.

Edit your Thank You message

You can personalise a Thank You message which your donors will receive each time they sponsor you.

Use your personal email address (Gmail, Hotmail, Yahoo, etc). Make sure you include the [link to your Fundraising page](#) (www.justgiving.com/...) in your message. This will have been sent on email to you by JustGiving when you set your page up.

You'll also see it displayed at the top of your Fundraising Page in the internet address bar. This is the long white bar that runs all the way along the top of the screen.

1. Log into your account and click 'Edit your page' next to your Page on the left.
